In order to accommodate the needs and requests of as many patients as possible, Atlanta Allergy is contracted with numerous insurance companies. While we are pleased to be able to provide this service to you, it is not possible for our staff to keep track of all the individual requirements of each plan. Every plan has different stipulations regarding access to care and payment for services received. Within the same insurance company, benefits may differ depending upon what type of contract your employer negotiated with that carrier on your behalf.

Providing quality medical care for our patients is our primary concern.

We are happy to provide care for our patients, within their insurance contract guidelines, but we ask that our patients come prepared at the time of service to let us know what those guidelines are. With most of our contracts, Atlanta Allergy personnel are not permitted to interpret insurance benefits for the patient. We are expected and obligated to provide quality care to each insured person, but **it is the insured person's responsibility to understand their benefits.**

Should your insurance company require a **specialist referral** from your primary care physician before you can be seen by our physicians, it is your responsibility to obtain that referral **prior to your appointment.** You should bring the referral with you to your appointment. Our contracts with those insurance companies prohibit us from seeing you without a referral and billing them for the services. If you are seen without a referral, **you must be prepared to pay for all services in full at the time they are rendered.** If a referral is required and you are unsure as to how to obtain one, please let the staff know and we will be happy to provide assistance.

If you do not inform us of any special requirements in your insurance contract, such as referrals or preauthorization for treatment, and we subsequently order services that are not covered, we will have no choice but to bill you directly for those charges. In the event that services are provided and your insurance coverage is not in effect on that day, or if your contract contains a pre-existing clause, your insurance carrier will likely deny payment for services received. **Please remember that you, the patient, are ultimately responsible for payment on your account.**

With your cooperation and help, you should be able to receive all of the insurance benefits offered to you, and we will be able to concentrate on caring for your medical needs.

Atlanta Allergy & Asthma Physicians and Staff

I HAVE READ AND UNDERSTAND THE OFFICE POLICY STATED ABOVE AND AGREE TO ACCEPT FINANCIAL RESPONSIBILITY AS DESCRIBED.

(Patient and/or Insured)

(Date)

(Print Name)

Part 1:

Patient Name: _____ Address: City, State, Zip:

I have been given a copy of Atlanta Allergy & Asthma Notice of Privacy Practices ("Notice"), which describes how my health information is used and shared. I understand that Atlanta Allergy & Asthma ("the Practice") has the right to change this Notice at any time. I may obtain a current copy by contacting the Practice Privacy Official, or by visiting the Practice website at www.atlantaallergy.com.

My signature below acknowledges that I have been provided with a copy of the Notice of Privacy Practices:

(Signature of Patient or Personal Representative)

Print Name & Title (e.g., Guardian, Health Care Power of Attorney):

Part 2:

Atlanta Allergy & Asthma clinical staff may need to communicate Protected Health Information (PHI), such as test or lab results, via phone. Please let us know what phone number you would like us to call and if we may leave a message:

Phone Number: _____

Yes, you may leave a message

No, please do not leave a message

I authorize the Practice to include the following person(s) in any communication regarding my PHI. This is a valid authorization until I revoke this in writing:

Name: ______ Relationship: ______

(Signature of Patient or Patient Representative)

For Practice Use Only: Complete this section if you are unable to obtain signature. If the Patient or personal rep is unable or unwilling to sign the Privacy Acknowledgement, or it is not signed for any other reason, state the reason:

Describe the steps taken to obtain the Patient's (or personal reps) signature on the Acknowledgement:

Signature of Practice Representative: _	 Date:
Patient Account #:	

PF-17 rev 9/2018

(Date)

(Date)

Patient Name: ____

DOB: ___

Patient Communication Options

Atlanta Allergy & Asthma (AAA) offers several options to receive practice communications such as appointment confirmations/reminders, clinical care reminders, and occasional practice updates such as office moves or weather closings. These notifications are in addition to the messages you receive through your Patient Portal. If you have not activated your portal account, please call 770 953-3331 or provide your email address below. Our staff will assist you with activation.

Check your preferred option(s) for receiving notifications. You may choose voice, text, OR email - or any combination of the three.

Voice Message: Best Phone Number: _			
Time of day for phone call reminder	AM (9a-12p)	Noon (12p-3p)	PM (3p-8p)

- Text message: Cell Phone # ______

Appointment Cancellation Policy:

Your appointment is important to both you and the Atlanta Allergy & Asthma staff.Patient/If you cannot keep your appointment for any reason, please contact us at least 24 hours priorGuardianto your scheduled appointment time. If you do not keep your appointment, or cancel withoutInitiala 24-hour notice, you may be charged a \$25 no-show fee.

Consent to Obtain External Prescription History

In order to provide the highest standard of care, it is necessary for our physicians to know your prescription medication history. Our electronic health record system will allow us to view your current and past medications which can prevent negative interactions between drugs.

_____ I Authorize AAA and its Affiliated Providers to view my external prescription history via our electronic health record system, eClinicalWorks. My prescription history from multiple other unaffiliated medical providers, insurance companies, and pharmacy benefit managers may be viewable by my providers and authorized staff of AAA, and it may include prescriptions going back a number of years.

_____ I DO NOT Authorize AAA and its Affiliated Providers to view my external prescription history via our electronic health record system, eClinicalWorks.

I understand I can change my authorization by completing a new form at any time and the change will be effective when the new form is received by Atlanta Allergy & Asthma, P.A.

Thank you for choosing Atlanta Allergy & Asthma. Please take a moment and let us know how you heard about our practice.

Important Information for your Allergy Skin Test Appointment:

- It is very important to be on time for your skin test appointment. If you arrive late, we may be unable to test you due to time constraints.
- Allow 2-3 hours for skin testing. You will discuss the results with your doctor after the skin test.
- Wear comfortable clothing. You will be asked to take your top off, so do not wear a one-piece outfit.
- Skin testing is a simple series of tiny scratches made on your back with an instrument that has small toothpick-like prongs each containing trace amounts of a single allergen. Your doctor determines the number of tests done according to the history you have given. Skin testing is not painful but can be somewhat uncomfortable. Some describe the prick test sensation as being "like a cat walking over the back."
- After skin prick testing some patients may also receive intradermal testing. With intradermal tests, a small amount of the allergen is injected under the skin of the arm to see if it causes a reaction. This test feels like pinches.
- Swelling or redness at the skin test sites, which may appear several hours after your testing, are called "delayed reactions" and do not have any significance. Any itching associated with these reactions can be managed with steroid creams and antihistamines. This may persist for several days.
- It is important to stay off antihistamines for seven (7) days prior to testing. Antihistamines will block the skin test reaction. (See detailed list of medications included in New Patient Packet and on our website.)
- It is recommended you eat prior to skin testing.

Important Information about Allergy Skin Testing:

Patients scheduled for allergy skin testing must stop taking any medications that contain antihistamines as they will affect the results of your test. **This includes both over-the-counter as well as prescription medications**. Do not discontinue antidepressants/psychotropic medications or any other medications without consulting with your prescribing physician. Call your pharmacy or prescribing physician if you are unsure about the names of your medications. **Asthma medications do not affect skin testing. Do not stop your asthma medications**.

The following is a list of medications that must be STOPPED SEVEN (7) DAYS before skin testing:

Actifed	Clarinex	Loratadine	Seroquel
Adapin	Claritin	Ludiomil	Sinequan
Advil Allergy	Clemastine	Levocetirizine	Singlet
Advil PM	Clomipramine	Marezine	Sominex
Alavert	Cogentin	Meclizine	Sudafed Cold & Allergy
Allegra	Comtrex	Norpramin	Surmontil
Allerhist	Contac	Nortriptyline	Tacaryl
Allertan	Coricidin	Nyquil	Tandur
Amitriptyline	Cyproheptadine	Pamelor	Tavist
Anafranil	Desipramine	Pediacare	Temaril
Antivert	Dimetapp	Pediatan	Theraflu
Asendin	Diphenhydramine	Periactin	Tofranil
